

## YLC Committee Meeting Minutes For 24<sup>th</sup> June 2025

### Diversity, Inclusion and Equality

1 Ruth Kerr from the DIEC attended the YLC Committee Meeting to discuss the completion of a form on Diversity which the YLC have been asked to fill in. The YLC had completed a draft response for the form prior to the meeting. The discussion was productive, and it was agreed that some guidance was to be given to the YLC Committee on some aspects of the form to fill in and some adjustments were to be made from the original draft as a result of the discussion. **MJ and RJ to amend the document once written guidance has been relayed.**

### FACE TO FACE LEAGUE

1 Bridgewebs have not yet given a release date for their latest update. It is hoped that in their next release we will be able to get clubs to standardise their websites regarding information on accessibility and inclusion. This will not be in place before the fixtures for the next face to face season are compiled. The fixtures secretary will look at the information posted on the club websites regarding accessibility and inclusion prior to compiling the fixtures.

2 Very few clubs have commented on the provision that is to be made by the fixtures secretary for inclusion of all players wishing to play in the Yorkshire League. Those that have commented have not been negative. Consequently, the proposal made to clubs and in consultation with the DIEC will now come into force for this season with the provision that the method is reviewed by the YLC and if necessary, the DIEC prior to next season.

3 Due to flooding at their club's premises and that their premises may not be in a fit state to host home matches for the start of the face to face season Bradford Bridge club have requested that their fixtures for the first two face to face matches this season be scheduled away for all of their teams .The YLC has agreed to put this in place.

### OYL

1 The one outstanding match from the first day's fixtures between Malton B and Barnsley Aces was completed prior to the 4<sup>th</sup> match being played. All matches from the second day's fixtures were completed.

**Date of Next Meeting: - Tuesday 29<sup>th</sup> July 10.00a.m.**
